EDUCATION

International Institute of Information Technology Bangalore

M.Tech. in Computer Science & Engineering

Aug 2025 - Present

GPA: 3.45 / 4.00

Manipal University Jaipur

B.Tech. in Computer Science & Engineering

Aug 2020 - May 2024

GPA: 3.44 / 4.00

PROJECTS

CodeForge | [GitHub](#)

Jun 2026 - Jul 2026

React, JavaScript, Tailwind CSS, Monaco Editor, Spring Boot, Go, MySQL, Redis, Docker

- Built a **full-stack coding assessment platform** with distinct student and faculty workflows for DSA practice, timed assessments, problem authoring, submissions, and result analysis.
- Engineered a **LeetCode-style React workspace** with Monaco Editor, resizable problem/editor/console panels, C++/Java/Python switching, custom input, themes, and per-problem/per-language code persistence.
- Developed reusable problem discovery and assessment interfaces, integrated REST workflows with loading/error/expiry handling, and added lint, unit-test, and production-build quality gates.

ChunkCrafter | [GitHub](#)

Mar 2026 - May 2026

React, JavaScript, Tailwind CSS, Java, Spring Boot, Gemini API, PDFBox, FFmpeg

- Built a **full-stack ed-tech marketplace** where authors publish PDF, video, audio, image, and text chunks and students assemble personalized e-books.
- Implemented AI-assisted chapter detection with Gemini, virtual media extraction using PDFBox/FFmpeg, and standards-compliant EPUB export with embedded media and study notes.

SwasthyaSetu | [GitHub](#)

Mar 2026 - May 2026

React, Java, Spring Boot, PostgreSQL, RabbitMQ, Redis, Docker, Kubernetes

- Designed a React healthcare platform backed by Spring Boot microservices for authentication, patients, hospitals, appointments, notifications, and API routing.
- Implemented OTP authentication, QR-based time-bound record access, Redis locks for appointment concurrency, and containerized deployment with Docker and Kubernetes.

TECHNICAL SKILLS

Languages: JavaScript, Java, C++, C

Frontend: React, HTML5, CSS3, Tailwind CSS, Vite, React Router, Monaco Editor

Backend & Data: Spring Boot, REST APIs, PostgreSQL, MySQL, Redis, RabbitMQ

Tools & Concepts: Git, Docker, Linux, Data Structures & Algorithms, Scalable Application Design

AWARDS & ACHIEVEMENTS

- Secured **All India Rank 648** in GATE 2025 (Computer Science & Engineering), placing in the top 0.5% among approximately 1.6 lakh candidates.
- Earned the **Knight badge on LeetCode** with a contest rating of **1876**.
